TMS og prestasjon i virtuelle team

Kan team overconfidence og det å ha fått informasjon om rolleavhengigheter påvirke utviklingen av TMS og prestasjon?

Masteroppgave våren 2019

OsloMet – Storbyuniversitetet

Handelshøyskolen (HHS)

Masterstudiet i økonomi og administrasjon

8.0 Vedlegg

8.1 Tilleggsskala TMS

Transactive Memory System Scale Items av Lewis (2003, 2004)

Specialization

1. Each team member has specialized knowledge of some aspect of our project.
2. I have knowledge about an aspect of the project that no other team member has.
3. Different team members are responsible for expertise in different areas.
4. The specialized knowledge of several different team members was needed to complete the project deliverables.
5. I know which team members have expertise in specific areas.

Credibility

6. I was comfortable accepting procedural suggestions from other team members.
7. I trusted that other members' knowledge about the project was credible.
8. I was confident relying on the information that other team members brought to the discussion.
9. When other members gave information, I wanted to double-check it for myself.
(reversed)
10. I did not have much faith in other members' "expertise." (reversed)

Coordination

11. Our team worked together in a well-coordinated fashion.
12. Our team had very few misunderstandings about what to do.
13. Our team needed to backtrack and start over a lot. (reversed)
14. We accomplished the task smoothly and efficiently.
15. There was much confusion about how we would accomplish the task. (reversed)

Alle spørsmålene benytter seg av et 5-punktsformat med ulik grad av enig og uenig, der 1 = helt uenig, 2 = uenig, 3 = nøytral, 4 = enig og 5 = helt enig.

8.2 Kontrollvariabler

8.2.1 Kjønn

Mann (1)

Kvinne (2)

8.2.2 Erfaring fra militæret

Vennligst indiker antall år med militær erfaring. For eksempel 1, 2 eller 5.

8.2.3 Erfaring med strategiske spill

Vennligst indiker din tidligere erfaring med strategiske dataspill, på en rangeringsskala fra:
1 = ingen erfaring to 7 = omfattende erfaring.

8.3 Spørreskjema «Mission 1 - Organizing for the unexpected»

Vennligst fullfør spørreskjemaet i henhold til instruksjonen: Vi ønsker din umiddelbare reaksjon til spørsmålet eller påstanden. Du vil ikke trenge noe ekstra skriftlige materiale for å besvare spørsmålene. Spørsmålene er basert på internasjonal forskning og spørsmålene er testet i forkant. Siden svarene på spørsmålene er presentert på en fast skala, kan det hende at du synes det er vanskelig å finne det alternativet som representerer din mening. Når du leser spørsmålene, forsøk å huske simuleringen du akkurat deltok i. Du skal velge svaralternativ som representerer de opplevelsene du hadde i simuleringen. Det er viktig at du besvarer alle spørsmålene.

Vennligst besvar hvert spørsmål, og velg det alternative som du synes er riktigst. Vennligst ikke se på scenarioet, instruksjoner eller snakk med andre deltakere. Du kan spørre instruktøren om noe er uklart. Legg merke til at hvert spørsmål bare har ETT riktig svar!

B3 Hva er omtrentlig posisjon for Oil rig 2?

- Nært Island (1)
- Vest for Ålesund (2)
- Øst for Shetlandsøyene (3)
- Like sør for Svalbard (4)
- Nord for Alta (5)

B4 Hva er sannsynligheten for at ditt svar er riktig?
